

Top 10 reasons

to join a history and genealogy cruise

GENERAL

1. sail away on a cruise holiday and visit many fascinating places for less than many land holidays
2. save—cost includes entertainment, accommodation, meals plus access to all conference presentations

GENEALOGY

3. attend a great conference with a wide choice of topics
4. learn from nationally and internationally known experts
5. make new friends and expand your genealogy network
6. topics cover all interests and experience levels
7. learn from experts, special interest groups and other cruisers

ON BOARD

8. unpack your bags once—no 'living out of a suitcase'
9. enjoy being waited on and pampered by the cruise staff
10. explore the ship, enjoy the many activities onboard, have fun

Cost

From AU\$1471 (approx. US\$1200, GB£900) Includes all onboard accommodation, standard meals, taxes, gratuities (compulsory) & conference. See web site for full costs and how to book with our Australian and US cruise travel agents.

Two conferences

Cruise — a program of 40–45 talks in three streams from an international team of about 15 speakers from four countries.

Land conference — an optional full day conference is planned for 6 September 2018, the day before the cruise. The main speakers will be Blaine Bettinger (DNA) and Chris Paton (Ireland and Scotland). See cruise web site further details.

“What a fantastic and wonderful experience it has been. Great speakers and a good variety of topics. I now know that I’m on the right track with my research. I was traveling solo yet felt I was part of a warm and friendly group. Thank you” — *Lauretta N.*

Lead Presenters

CHRIS PATON
(Scotland)

Chris is one of the most sought after presenters in Australia, New Zealand, Britain, Ireland, Canada and the US. He has written many books (including 9 for Unlock the Past) and numerous articles for genealogy magazines.

DICK EASTMAN
(United States)

Dick is widely known internationally for his Eastman’s online genealogy newsletter. He has been involved in genealogy for more than 30 years and has worked in the computer industry for over 40 years in hardware, software, and managerial positions.
