Cruise from Southampton

Everyone has a family history, whether they know or have even thought about it. Everyone has: 2 parents, 4 grandparents, 8 great grandparents and so on. Do you know all their names? When did your immigrant ancestors come to Australia? What countries did they come from? Why did they come? What ship did they come on? Where did they first settle? What did they do? Do you know about their war service (most of us have ancestors who served)? Do you have any famous ancestors or distant cousins? Or infamous ones? Do you have 'Australian royalty' (convict ancestors)? The chances are you have if your ancestors came here 150 years or more ago. If you are curious to know more, cruise with us from Southampton to the Italian Mediterranean and join 'Unlock the Past's' specialty Genealogy talks.

Why Genealogy Cruises?

For one of the most care-free holidays you'll ever go on, make it a cruise. Add some Genealogy into the mix, and you'll return relaxed and with your interest piqued in all

things genealogical!

Discover your Family History-program at sea—\$95 per adult
Operating genealogy-themed cruises since 2011, our partners—Unlock the Past Genealogy Cruises are offering a competitively priced course consisting of 5 specialty presentations especially designed for the budding genealogist. This is for you if you have:

- Never researched your family history but would like to know how.
- Just started out, but would like to learn more.
- Seen and enjoyed the TV show Who Do You Think You Are? or other similar discovery programs. Why not find out 'who you are'. Caveat: Don't expect the head of a major record repository to deliver your family documents as seen on TV, though it does illustrate what can be done.
- Been to funerals and realised the generation above you is passing away and it is too late to ask them about family history.
- Realised that life is passing by for you and your children – and you don't know much about your family's story.

Cautionary advice: If you do this course you might get hooked!

The course overview—5 x 45 min introductory talks conducted by

esteemed speakers, who are specialists in the subject of genealogy:

1. Beginning family history research.
2. Your family in Australia.
3. Where did your family come from?
4. What you can do online.
5. DNA: is it really useful?
